Çelik Kapı Sistemleri
STEEL SECURITY DOORS

www.positivedoor.com

www.positivedoor.com

Positive Çelik Kapı, sanayide ve üretim alanında 30 yıldır varan tecrübesini Çelik Kapı Üretiminde birleştirmiştir ve 2014 yılında faaliyete geçmiştir.

İlkelerini ve amacını fiyat/fayda oranında tüketiciler için en iyi seviyeye ulaşmak ve tüketicilerine gerek fiyat gereklilikleri nedeniyle gerekse güven konusunda maksimum seviyeye ulaşmayı hedeflemektedir.

Positive Çelik Kapı, ürünlerinde kalite ve estetiği ön planda tutarak gerek ulusal gerekse uluslararası standartlar çerçevesinde üretimlerine Kayseri Organize Sanayi Bölgesinde 4000 metrekare kapalı alanda devam etmektedir.

Positive Çelik Kapı, ürünlerinde yaptığı AR-GE çalışmalıyla en uygun fiyata en güvenli ve en şık üretimi gerçekleştirmeyi bir başka hedef olarak görmektedir.

Ayrıca Positive Çelik Kapı, özellikle ihracatlarıyla, ülkemizi kaliteli ürünler adı altında yurtdışında temsil etmeyi ve ülke ekonomisine katkıda bulunmayı amaçlamaktadır.

Positive Çelik Kapı, amaç ve ilkeleri çerçevesinde, bu değerlerden ödün vermeden 30 yıldır yakın tecrübesi ışığında Çelik Kapı sektöründe de devam ettirerek, sektörde uzun yıllar boyunca kalmak ve öncü olmayı hedeflemektedir.

As Positive Door Company, we integrated our 30 years industrial and production experience in Steel Security Door manufacturing and started production in 2014.

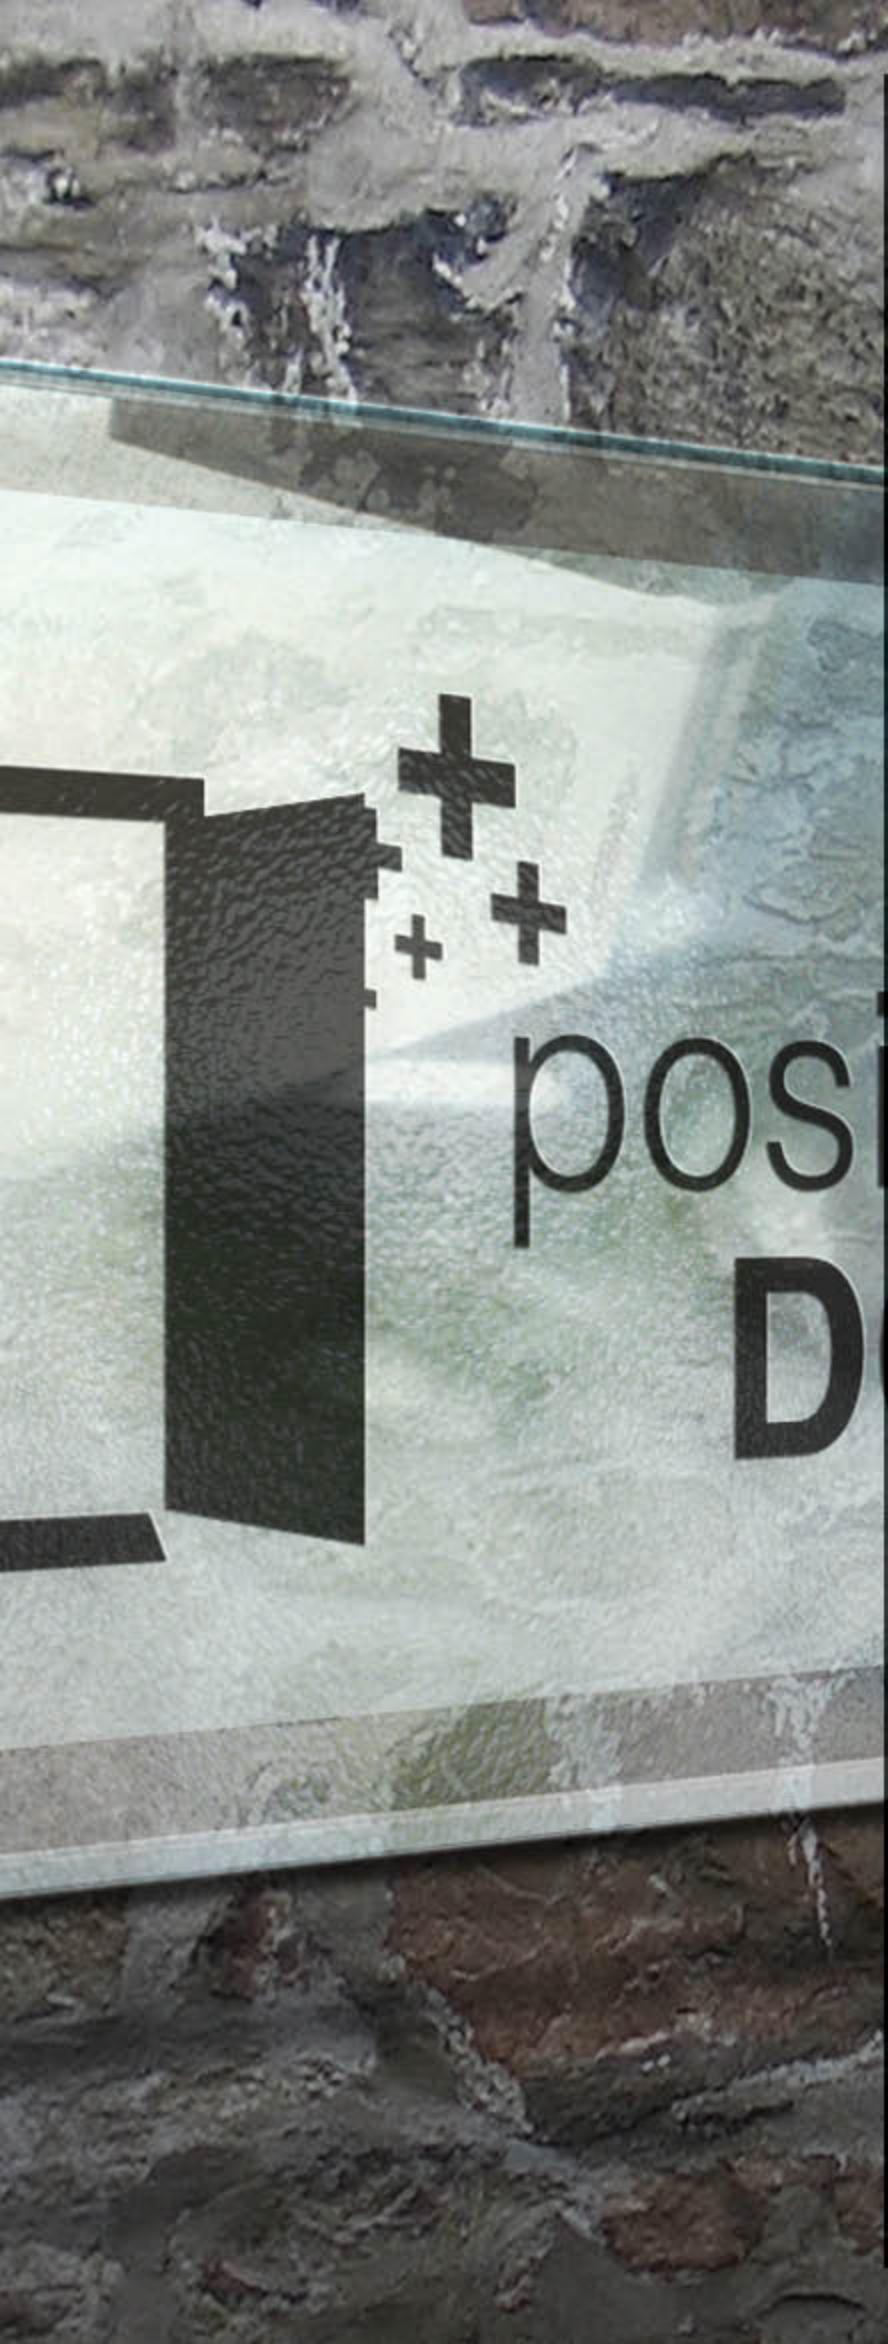

Our principle and aim is to provide the best quality products to our customers with an approach of price/benefit ratio. Furthermore, we also make sure that we provide the best price, complete satisfaction and high standard products to our customers.

Positive Steel Door Company has a manufacturing area of 4000 square meters located in Kayseri Industrial Area and is one of the leading manufacturing companies with utmost conformation to both national and international standards.

Positive Steel Doors as a company aims to catch the most secure, the most stylish product for optimal prices with our R&D team.

Furthermore, Positive Steel Doors intends to contribute to country's economy with its quality product exports.

Positive Steel Doors, with its objectives and principles based on more than 30 years of experience, is determined to be the pioneers in this sector for long years.

Misyon

Positive Çelik Kapı olarak müşterilerimizin memnuniyet ve güvenini daima ilk planda tutmayı hedefleyen bir bakanlık ağıya sahibiz. Hammade ve kaynakları en verimli şekilde kullanarak toplum ihtiyaçlarını öngörerek üretime odaklanmış ve ürün kalitesiyle ve üst seviye hizmetiyle prestijli bir marka olmuş durumda. Bunu yaparken de her daim müşterilerine ve çalışanlarına karşı sorumluluklarını yerine getiren, saygın, oncu ve güvenilir bir kurumsal kuruluş olma yolunda durmadan devam etmekteyiz.

Mission

As Positive Steel Doors our primary perspective is to keep our customer's satisfaction and trust in the utmost level. We have become a prestigious company by using raw materials and resources in the most efficient way through focusing on the production of high quality products and high level service. In doing so, we fulfil our responsibilities towards our customers and employees and we continue to steadily becoming a leading and reliable corporate organization.

Vizyon

Positive Çelik Kapı olarak, değişim ve gelişime açık güvenilir bir firma olarak bu yolda devam etmek ilk hedefimiz. Sürekli kendini geliştiren, araştırmacı ve yenilikçi yapısıyla kriterler belirleyen, müşteri bekenti ve memnuniyetine önem veren, satışı ürün ve hizmete satış sonrasında da sahip olmakaya devam etmek. Devamlı ve sağlıklı büyümerek araştırma ve maliyet düşünen çalışma rekabet gücünü sürekli geliştiren, müşterileri, tedarikçileri ve çalışanlarıyla pozitif bir sinerji ile pazarın tüm dünyada olduğu bilinciyle hareket etmeyi hedef haline getiren. Uluslararası standartlarda daima anılan ürün ve hizmet sunmaya kendisine prensip edinmiş iyi eğitilmiş, yetenekli ve müşteri memnuniyetiyle fark yaratır bir marka olmak.

Vision

As Positive Steel Door, our first goal is to continue on this path as a reliable company open to changes and improvements. To continue self-improvement, research and innovative structure that determines the criteria and emphasizes on customer expectation and satisfaction and to provide full support even after the sale of the product or service. To continue growth and constant improvement in competitiveness by lowering the cost and to move forward with the employees and customers with a positive synergy in the awareness that the target market is the whole world. To become a brand that makes difference by providing services based on the international standards to make sure the customer satisfaction is attained.

ISI YALITIMI

Isı yalımı, sıcak yada soğuk havanın ısı köprüleri vasıtasi ile konutların içine girmesini yada çıkışmasını engellemek adına yapılan işlemlerdir. Ürettiğimiz çelik kapılar, bu iki ortam arasında ısı geçişlerini minimuma indirmeyi amaçlamaktadır.

Isı yalımının faydaları

- 1- Isınma veya serinleştirme amacıyla yapılan harcamalardan ortalama %50 tasarruf ederek, kışın daha iyi isınmaya, yazın ise serin kalmaya imkan sağlar.
- 2- Yakıt tüketimini ve dolayısıyla atık gaz emisyonlarını azaltarak çevre kirliliği ve küresel isınmanın önlenmesine katkıda bulunur.
- 3- Sağlayacağı verimlilikle, ülkemizin enerjide dışa bağımlılığını azaltır.
- 4- Yaşam alanları içerisinde dengeli oda sıcaklıklarını yaratarak konforlu ve sağlıklı mekanlar oluşturur.

THERMAL INSULATION

Thermal Insulation is a preventive measures process between two different temperature environments. Our products aim on the minimum relation between two different temperature environments.

- 1- With an efficient insulation, it gives a better warming in winters and keeps the cooling in summers. The most advantageous aspect is saving of the expenditures in warming and cooling in about %50.
- 2- With an efficient insulation, it contributes in environmental pollution and global warming prevention.
- 3- With efficient insulation, it helps the country's economy by energy saving.
- 4- With efficient insulation, it makes a comfortable and healthy living environment with a balanced temperature.

SES YALITIMI

Ses yalımı; yaşanan ortamı istenmeyen seslerden yalıtarak gürültünün zararlı etkilerinden korunmak, gürültülü alanlardan çevreye yayılan sesi azaltmak ve apartmanlar gibi sosyal yaşam alanlarında kullanım koşulları oluşturmak amacıyla yapılan uygulamalardır.

Çelik kapılarımız, evimizin dışındaki istenmeyen gürültülerden ve seslerden maksimum seviyede koruma ve önleme prensibiyle üretilmektedir.

SOUND ISOLATION

Sound Isolation is protecting the living environment by insulation method from harmful factors.

Sound Isolation is a technique which protects apartments and social living areas from unwanted sounds.

Our Steel Security Doors are produced in maximum prevention and protection level from harmful factors.

DOĞAL HAVA ŞARTLARI YALITIMI

Çelik kapılarımız, hava, rüzgar ve su gibi doğal hava şartlarının geçişini önlemeye sağlar.

Eğer kapılar dış ortamla yüzüze ise, bu doğal hava şartlarından en maximum seviyede koruma prensibi ile üretilmektedir.

WEATHER NATURAL INSULATION

Our products are providing inhibition from natural weather conditions like wind, air and humidity.

Our Steel Door products are manufactured in maximum level from natural weather conditions.

HİRSİZLİKLARA KARŞI ÖNLEM

Çelik kapı ürünlerimiz, evimize karşı olacak hırsızlık gibi olaylara karşı maksimum seviyede koruma sağlayacak şekilde ve bu alanda gerekli ulusal ve uluslararası standartlar ölçüsünde üretilmektedir.

MEASURES AGAINST THEFT

Our Steel Security Doors are produced in maximum prevention and protection level and in local and international manufacturing standards which avoids our houses from theft incidents.
